

# THE TRUTH ABOUT COVID-19 VACCINES

**FDA-authorized COVID-19 vaccines will not affect or hurt** the fertility or the ability to become a parent for anyone, regardless of gender identity, race or ethnicity.

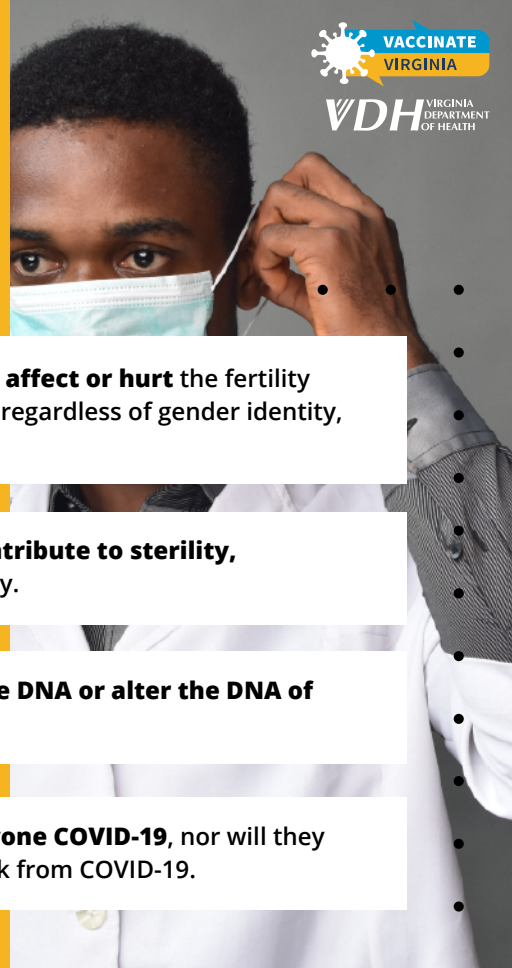

**The vaccines will not cause sterility or contribute to sterility,** regardless of gender identity, race or ethnicity.

**FDA-authorized vaccines will not affect the DNA or alter the DNA of anyone,** regardless of race or ethnicity.

**The authorized vaccines will NOT give anyone COVID-19,** nor will they make anyone more susceptible to getting sick from COVID-19.
